Barring a few test data hiccups, the Woburn Challenge online round 3 was a refreshing start to the new year. We are proud to have so many new rising stars tackling the challenges we work so hard to craft.

After a nail-biting defeat in round 2, returning finals champion Zixiang Zhou of London Central Secondary School has made a comeback over Brian Chau of Woburn. Zixiang was the only competitor to solve the final senior problem, and did so only half-way into the contest! Meanwhile, Michael Huang of Bell High School topped out the intermediate division in 40 minutes flat. Keep up the great work!

Finally, we would like to applaud a job well done to the top junior division finishers: **Edwin Chen** and **Zeyu Chen** of Colonel By Secondary School, **Michael Sheinman** of Grimsby Secondary School, and **Eric Wang** of Glenforest Secondary School.

Congratulations! These prizes will be distributed as Visa gift cards during the on-site finals in May to which all of the above winners are invited (more details to come later). Do not fret if you may not be able to make the final round in person – we will mail your prize to you afterwards.

Remember that we will have many prizes in the remaining rounds, so keep on practicing! Problems, solutions, and test data have now been posted to: woburnchallenge.com/past-contests. Once again, we thank all of you who participated, as well as teachers for sharing this with your students.

Sincerely,
The Woburn Challenge Team
